INDEX 171

INTRODUCTION

Ira L. Herriff was born 14 June, 1846 in Edinburgh Township, Portage County, Ohio, the son of Samuel Herriff b. 19 December, 1818 in Edinburgh Township and Lydia Hartleroad/Hartlerode b. 17 February 1820/21 in Pennsylvania, m. 5 June, 1844. Samuel was the son of John and Susan Herriff who came to Portage County before 1818 from Pennsylvania. Ira married Isabelle E. Caris, d/o. Samuel Caris and Rachel Ward of Rootstown. Ira and Isabelle had two daughters Amy I. Herriff and Dene M. Herriff.

Ira's maternal great grandfather was born in Perth Amboy, New Jersey and was a Revolutionary War Soldier. His family, the Coosards, were Huguenots who established the first printing house in Lancaster, Pennsylvania. From that city Mr. Herriff's mother, Lydia Hartlerode, with her mother, came to Portage County, settling in Rootstown where she met and married Samuel Herriff. When her estate was being settled, Zenos Kent went to Lancaster to represent the family and bring back their share. He was robbed on the return journey, but paid the family out of his own pocket. This incident established a bond between the families and when Ira Herriff came to Kent, he found a mentor in Marvin Kent.

Mr. Herriff served in the Civil War, married in 1869, and in 1870 moved to Kent where he worked in the railroad shops as did many Kent residents. He worked there for a year and in 1871 began making bricks for the home and barn then being erected by Marvin Kent. He continued in this business for five years and was afterward elected street commissioner. He served at this post for two terms.

In 1881 he purchased half interest in Lemuel C. Reed's furniture and undertaking business. Two years later, Mr. Reed retired and Mr. Herriff continued on alone. The furniture store was located in the Williams Block of North Water Street in Kent. He conducted close to 5,000 funerals during his career and was one of the leading undertakers in northeast Ohio.

Mr. Herriff became ill in 1912, and when it was determined nothing could be done, he picked out his burial plot in Standing Rock Cemetery, made his own funeral arrangements, and died in May 1913. His undertaker records were saved by an employee and kept within his family.

The production of this four volume set came about as a result of the generosity of the present owner in giving them

up long enough for us to copy them. While there were five or six volumes in all, only four could be found. Volumes three and six remain missing. We have chosen to number the extant volumes I, II, IV and V. The entries in all volumes were written in long hand and at times were difficult to read. Every effort was made to reproduce the entries as they appeared in the original. When there was a question as to the spelling of a name, a comparison was made to the index entry for clarification. If we simply could not make out the name we included possible spellings. Each volume was proof read at least twice.

The research necessary to produce these volumes came from several sources. The photograph on the front is of Samuel C. Bissler preparing to drive Mr. Herriff's funeral coach and is from the Sesquicentennial Edition of the Record Courier. We would like to thank the Portage County Historical Society for allowing us to copy it. The advertisements were taken from old issues of the Kent Courier. Information on Mr. Herriff's life came from his obituary and THE HISTORY OF PORTAGE COUNTY. The list of ministers was supplied from Grismer's HISTORY OF KENT. It is our hope these records will assist the reader in locating ancestors in western Portage and eastern Summit counties where tombstones have been destroyed or never erected. We have included an appendix of cemeteries in the area toward that end. This list was compiled from OHIO CEMETERIES and cross checked with PORTAGE COUNTY CEMETERIES. Many other people helped with the production of these volumes. To all those whose advice and assistance with research helped bring this project to completion we extend our thanks.

Dr. C. Helen Derby
Nancy J. Hoyt
